DESIGNER OF KIDS' SPACES

# MY LITTLE ROOM

DESIGN FOR KIDS

*Creating a kids' space in your establishment is more than just a commodity for traveling families. It's an opportunity to differentiate yourself, increase revenue, and cultivate a loyal clientele with high purchasing power.*

*By working with our specialised team, you benefit from a full service, from the initial concept creation to the final installation supervision.*

*We are committed to understanding your specific needs and designing a kids' space that perfectly reflects the aesthetics and ambiance of your hotel. From selecting play equipment to creating age-appropriate activities, we ensure that every detail is carefully considered to provide a fun and enriching experience for young guests.*

*Our experienced team then supervises the installation to ensure that your kids' space meets the highest standards of safety, quality, and aesthetics.*

*By offering this exceptional experience, you position your hotel as a preferred destination for families seeking luxury and comfort, thereby strengthening your reputation as a preferred family destination.*

MY LITTLE ROOM  
DESIGN FOR KIDS

*Since 2012, our mission is to expose kids to beauty and sustainability.*

# MY LITTLE ROOM IN 2024

The background image shows a child's room with a forest-themed wallpaper. The wallpaper features birch trees, two deer, and several birds. In the room, there is a green teepee on the left, a large brown teddy bear on the floor, a wooden toy house in the center, a wicker basket on wheels, and a small wooden bed on the right. The floor is made of light-colored wood.

# DESIGN STUDIO

*Our design studio is specialised in creating unique and eco-friendly kids' spaces.*

# B2B EXPERTISE

The background image shows a child-friendly play area. The wall is covered in a colorful mural of a jungle scene with various animals like monkeys, birds, and a lion. A real lion's head is mounted on the left wall. In the foreground, there are several small, three-legged wooden stools with colorful tops (pink, green, etc.) placed on circular leopard-print mats. The overall atmosphere is bright and playful.

“  
*Edu-tainment for children is an innovative approach that combines education and entertainment to provide enriching experiences for the young guests of your establishment.*

*By integrating fun and educational activities, "edu-tainment" stimulates learning while entertaining children. Interactive workshops on nature, local culture, history, or even cooking can be offered, providing children with a unique opportunity to explore and learn while having fun.*

“Offering a children's corner in the rooms of your hotel is a way to easily and quickly meet the needs of families, while adding a touch of comfort and friendliness to their stay.

*This specially designed corner, set up just before the family's arrival, is designed to provide young guests with a dedicated space where they can safely entertain themselves while their parents relax. Equipped with toys, games, and books, this children's corner allows young guests to immerse themselves in their own play universe while being close to their parents.*
